

PARK RANGER (Part Time)

About Scissortail Park

The 70-acre Scissortail Park, designed by internationally-acclaimed landscape architecture firm, Hargreaves and Associates, links the heart of the city to the Oklahoma River, long aspired to and now part of the city's "Core to Shore" master downtown development plan. This \$135 million project is funded by a city-wide civic improvement tax. The new park, located just a block south of Myriad Botanical Gardens, features extensive gardens, a Great Lawn and outdoor performance venue, a lake and boathouse, a café, recreational facilities, children's play areas, dog park, a civic scaled interactive fountain and multiple walking/jogging paths, all set within regionally-specific native woodland and prairie landscapes. Over 1,000 trees have been planted in the 36-acre Upper Park with hundreds more to follow in the 34-acre Lower Park.

Summary

The Scissortail Park Ranger Service (SPRS) performs the interpretation, physical security, wildlife management, environmental health and safety, emergency management, business continuity, and risk management functions of the park. The mission of the SPRS is to protect the people, nature, and property within the park, while fostering a sense of inclusion and safety For Everyone.

Park Rangers will report to a Supervisory Park Ranger and will closely monitor Scissortail Park through proactive patrols and informative interactions with staff and visitors. Park Rangers will also assist with interpretive programs, speaking to groups such as children on school field trips about the protection of our natural resources and the duties of Park Rangers. Park Rangers will support the safety of a wide array of special events. During these events, the Park Rangers may coordinate with a range of external resources, such as contracted off-duty police officers, EMTs, and crowd control staff.
